

Dear Skydeck Guests,

In the best interest of the health and wellness for the community and for each other, we have decided to temporarily close the Skydeck starting on March 14, 2020 as a precautionary measure. While we have had no reports of COVID-19, we are taking this action out of an abundance of caution in accordance with guidelines from [Centers for Disease Control](#) (CDC) and the [Chicago Department of Public Health](#) (CDPH).

We will continue to assess the situation and follow guidance from public health professionals. Please contact [sales@theskydeck.com](mailto:sales@theskydeck.com) to reschedule your visit or inquire about a refund.

Sincerely,

Randy Stancik  
General Manager
